

Coloured Cistern Stops & Flexible Hoses

MATCH YOUR BATHROOM FIXTURES. COORDINATE EVERY CONNECTION!

Commonly referred to as cistern stops and flexible hoses, these essential plumbing components are now available in 6 designer colours, allowing them to integrate seamlessly with modern bathroom hardware rather than standing out as purely functional fittings.

Features

All taps available in pin handle

Rotating nut eliminates need for Teflon tape - easier installation

Lead Free cistern stops and stainless steel braided hoses

Durable & Reliable

Slimline compact profile

All taps available with matching cover plates

6 premium colours to complement any bathroom style
